

# Avibulb® XT

## 1/4" Steel Blind Rivet with a wide Grip Range

Avibulb® XT is a high strength breakstem fastener with excellent bulbing tail formation, which makes it ideal for the use in thin sheet materials. The new 1/4" Avibulb® XT fastener features a wide grip range, especially suited for applications with varying sheet thicknesses. It is designed for use in applications such as automotive, truck and trailer, heating and ventilation, domestic appliances, industrial equipment and renewable energies.

### Features and Benefits

- High shear and tensile strength
- Multi-grip capability
- High residual clamp load
- Resists vibration and joint slippage
- Good blind side footprint and bulb formation
- Spreads the tail bearing load/clamp load on the rear sheet
- Suitable also in softer materials (see test report)
- Reliable stem retention
- Under head recess accommodates burrs around holes and spreads the load evenly on the top sheet

### Installation Tools

The Avibulb® XT fastener is installed securely in seconds with the Genesis® nG4 model.

Complete tool	part no. 71234-00084
Nose assembly	part no. 71233-15000
Nose tip	part no. 71233-15001

### Assembly Applications

Step ladder

Car seat base

Vehicle panel

Washing machine
